

Hastings Reef Site Arrangements

Hastings Reef is an important area for tourism. Follow the special requirements for this location to help protect the Great Barrier Reef Marine Park values.

- Both Localities**
- Vessels less than 35 metres can access and anchor
 - Vessels greater than 35 metres and no more than 70 metres can anchor outside the Location or at a Reef Anchorage if available
 - No anchoring within 50 metres of a mooring
- Hastings Reef Locality 1**
- Intensive use Location
 - Two Reef anchorages available
 - Two private moorings allowed above the number permitted on 22 June 1998
- Hastings Reef Locality 2**
- Moderate use Location
 - No anchoring within 200 metres of pontoon
 - Reef anchorage available
 - One pontoon allowed
 - 3 private moorings allowed
- * Group sizes are including crew and excluding children under 4
- * The boundary of a 'Location' is generally 500 metres from the seaward edge of the reef
- * A primary mooring that also has northerly mooring are considered one mooring
- * Refer to the Cairns Area Plan of Management 1998 for more information
