PLEASE NOTE: This guide provides an indication of zoning in the Great Barrier Reef Marine Parks. It is not intended for navigation purposes. Users should consult the Great Barrier Reef Marine Parks Zoning Plan 2004 and the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 for precise boundary descriptions.

SAFETY IN THE MARINE PARKS
 People visit the Marine Parks at their own risk. Zoning Plans allow activities to take place, but do not guarantee safety. The Parks contain both natural and human hazards. Park users should consult navigation charts, Notices to Mariners, the Great Barrier Reef Marine Park Authority and the Department of National Parks, Sport and Racing for more specific information before going to sea.

IMPORTANT NOTES FOR MAP USERS

This map may not show all Queensland State Marine Park Zoning (for example, State Marine Parks where declared under high and low water). For more information on these areas, please refer to the Queensland Marine Park Zoning Plan. Restrictions and/or closures under Queensland legislation (eg. Fisheries Regulation 2008 (Qld)) are not shown. Users should familiarise themselves with all legal requirements relevant to their particular activities before entering or using the Great Barrier Reef Marine Park or the Great Barrier Reef Coast Marine Park.

The inshore boundary of the Great Barrier Reef Marine Park follows the coastline of Queensland at low water except to the extent such waters are within the limits of the State of Queensland within the meaning of section 14 of the Seas & Submerged Lands Act 1973, or where otherwise indicated (such as port areas). Any depiction of the inshore boundary on this map is indicative only.
