 - Population centre (to scale)
 - Population centre (symbolised)
 - Minor road (unsealed)
 - Major road (sealed)
 - National Park / Conservation Tenure
 - Special Management Area
 - Species Conservation (Dugong Protection) boundary

THIS MAP IS INDICATIVE ONLY AND IS NOT INTENDED FOR NAVIGATIONAL PURPOSES.

1. The purpose of this map is to help interpret the Great Barrier Reef Marine Park Zoning Plan 2003 and the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004. The zone boundaries shown on this map are indicative only. While care has been taken to illustrate zone boundaries as accurately as possible, users must refer to Schedules 1 of the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2003 and Schedule 1 of the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 for precise boundary descriptions.

2. Zone identifiers indicate the zone type, latitude and number of each zone. Zones numbered on this map:

- CP - Conservation Park Zone
- B - Buffer Zone
- SR - Scientific Research Zone
- MNP - Marine National Park Zone
- P - Preservation Zone

3. The Great Barrier Reef Marine Parks include the water column, the seabed beneath the seabed to a depth of 1000 metres below the seabed and the airspace to 915 metres above the surface.

4. Reefs, shoals and islands within the Great Barrier Reef Marine Park are numbered west to east within one-degree bands. They are prefixed with the latitude at the top of the band in which they lie. A centre point is used to determine the appropriate one-degree band for features straddling parallels. In addition, complex reef areas carry their own unique reef identifier. Following the latitude band is the letter 'S' or 'I' in the form of alphabetic letters.

5. Islands, or parts of islands that form part of Queensland are not owned by the Commonwealth, and are not part of the Great Barrier Reef Marine Park.

6. The information displayed is held in the Great Barrier Reef Marine Park Authority Geospatial Data Library. This includes data provided by Geoscience Australia National Mapping Division (including the GEODATA product) and the Australian Hydrographic Office. Land tenure was derived from data supplied by the Queensland Department of Environment and Resource Management, December 2009.

7. While every effort has been made to show all features necessary to make this map a useful general reference, map users are invited to advise the Great Barrier Reef Marine Park Authority of any errors, omissions or other suggestions that would enhance this product. Contact details are shown on the map, or email to: zoningmaps@grmpa.gov.au

IMPORTANT NOTE FOR INTERTIDAL ZONE
Queensland State Marine Park Conservation Park zoning applies between high and low water in the vicinity of Sabine Point, Macdonald Point and Scarborough Island. Queensland State Marine Park General Use zoning applies between high and low water in the vicinity of Channon Point. Users must refer to the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 for precise boundary descriptions.

SAFETY IN THE MARINE PARKS
People visit the Marine Parks at their own risk. Zoning Plans allow activities to take place, but do not guarantee safety. The Parks contain both natural and human hazards. Park users should consult navigation charts. Notices to Mariners, the Great Barrier Reef Marine Park Authority and the Department of Environment and Resource Management for more specific information before going to sea.

IMPORTANT NOTES FOR MAP USERS
This map may not show all Queensland State Marine Park Zoning (for example, State Marine Parks where declared between high and low water). For more information on these areas, please refer to the relevant Queensland Marine Park Zoning Plans. Restrictions and/or closures under Queensland legislation (eg. Fisheries Regulation 1995 (Qd)) are not shown. Users should familiarise themselves with all legal requirements relevant to their particular activities before entering or using the Great Barrier Reef Marine Park or the Great Barrier Reef Coast Marine Park.
The inshore boundary of the Great Barrier Reef Marine Park follows the coastline of Queensland at low water except to the extent such waters are within the limits of the State of Queensland within the meaning of section 14 of the Seas & Submerged Lands Act 1973, or where otherwise indicated (such as foot areas). Any depiction of the inshore boundary on this map is indicative only.

ACTIVITIES GUIDE
(see relevant Zoning Plans and Regulations for details)

Activity	CP	B	SR	MNP	P
Aquaculture	Permit	Permit	Permit	X	X
Bait netting	✓	✓	✓	X	X
Boating, diving, photography	✓	✓	✓	✓	✓
Crabbing (trapping)	✓	✓	✓	X	X
Harvest fishing for aquaculture fish, coral and beachcombing	Permit	Permit	Permit	X	X
Harvest fishing for sea cucumber, trochus, tropical rock lobster	Permit	Permit	Permit	X	X
Limited spearfishing (snorkel only)	✓	✓	✓	X	X
Line fishing	✓	✓	✓	X	X
Netting (other than bait netting)	✓	✓	✓	X	X
Research (other than limited impact research)	Permit	Permit	Permit	X	X
Shipping (other than in a designated shipping area)	Permit	Permit	Permit	Permit	Permit
Tourism programme	Permit	Permit	Permit	Permit	X
Traditional use of marine resources	✓	✓	✓	✓	✓
Trawling	X	X	X	X	X
Trotting	✓	✓	✓	X	X

PLEASE NOTE: This guide provides an introduction to Zoning in the Great Barrier Reef Marine Parks.

- Restrictions apply to aquaculture, spearfishing and harvest fishing for aquaculture fish, beachcombing and coral in the Conservation Park Zone.
- Except by One Way (SR 23-2010) and Australian Institute of Marine Science (SR 19-2008) zones are shown as green with all orange outlines.
- Shoals and islands are shown as green (eg. coral park, rubble reef or drift).
- By hand or hand-held equipment and generally no more than 6 of a species.
- Maximum of 21 specks per person with 8 specks per person.
- Limited to 1 hook per person and 1 hook per line. Only 1 fish detached from a commercial fishing vessel.
- Allow 100 metres of marine resources in accordance with s 211 of the Marine Tim Act 1992, an amended Traditional Use of Marine Resources Agreement or permit is required.
- Group species only. Seasonal closures apply to some Buffer Zones.

Detailed information is contained in the Great Barrier Reef Marine Park Zoning Plan 2003 and Regulations and the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004.

- Permits are required for most other activities not listed above.
- Commonwealth owned islands in the Great Barrier Reef Marine Parks are zoned 'Commonwealth Islands Zone' (shown as orange).
- All Commonwealth Islands may not be shown.
- Special Management Areas may provide additional restrictions at some locations.
- The Zoning Plan does not affect the operation of s 211 of the Marine Tim Act 1992.

ACCESS TO ALL ZONES IS PERMITTED IN AN EMERGENCY.

WARNING This map must not be used for marine navigation. Comprehensive and updated navigation information should be obtained from published hydrographic charts.
