Going fishing?

Zoning exists in the Great Barrier Reef Marine Park and penalties apply for not following the rules.

Around the Newry Islands there are Green Zones (no-take including no fishing) and Yellow Zones (limited line fishing).

Check the boat ramp sign at Victor Creek or grab a free Zoning Map from bait and tackle shops or visitor information centres so you know where you can go and what you can do. For more information call **1800 990 177** (business hours).
