Our corporate objectives and priorities for 2023–24

Under the four corporate objectives are 15 priorities and 45 delivery initiatives that form the basis for our 2023–24 annual operating plan. The priorities cover a range of activities, programs, and projects and are focused on addressing our strategic risks. These priorities will drive what we do, and we will continue to be proactive in considering and preparing for new challenges.

1 Enhancing Reef resilience by providing expert knowledge to advise key decision makers on managing, reducing or avoiding significant threats to the Reef.

- Mitigate the effects of climate change on the Reef
- Deliver the 2024 Outlook Report
- Take action to address threats from fishing
- Be active in the World Heritage system

2 Enhancing Reef resilience through innovation, management and regulation of the Marine Park and our in-field presence.

- Develop new approaches to marine spatial planning
- Deliver strong legislative and governing arrangements for the Great Barrier Reef
- Deliver the Reef Joint Field Management Program
- Implement Reef health and resilience interventions

3 Enhancing Reef resilience through partnerships, collaboration and education.

- Be a partner of choice in Reef protection
- Partner with Traditional Owners in management of Sea Country
- Expand the Traditional Use of Marine Resources Agreements Program
- Provide world-class education

4 Supporting a high-performing organisation.

- Modernise key activities with digital solutions
- Implement the Reef Authority's Sustainability Strategy
- Support our people
