PLEASE NOTE: This guide provides an introduction to Zoning in the Great Barrier Reef Marine Parks.

- Restrictions apply to aquaculture, spearfishing and harvest fishing for aquarium fish, beachworm and coral in the Conservation Park Zone.
- No take of beam, fishhead or whiting by commercial bait netters.
- Except for One Tree Island Reef (SR-23-2010) and Australian Institute of Marine Science (SR-19-2008) which are closed to public access and shown as orange, all other Scientific Research Zones are shown as green with an orange outline.
- Limited to 4 catch apparatus per person (eg. crab pots, collapsible traps or dillies).
- By hand or hand-held implement and generally no more than 5 of a species.
- Maximum of 6 hooks attached to no more than 3 hand-held rods or handlines per person.
- Limited to 1 hook attached to 1 hand-held rod or handline per person. Only 1 dory detached from a commercial fishing vessel.
- Ascent from traditional use of marine resources in accordance with s.211 of the Native Title Act 1993, an accredited Traditional Use of Marine Resources Agreement or permit is required.
- Pelagic species only. Seasonal Closures apply to some Buffer Zones.

Detailed information is contained in the Great Barrier Reef Marine Park Zoning Plan 2003 and Regulations and the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004.

- Permits are required for most other activities not listed above.
- Commonwealth owned islands in the Great Barrier Reef Marine Park are zoned 'Commonwealth Islands'.
- Zones are shown as orange.
- All Commonwealth Islands may not be shown.
- Special Management Areas may provide additional restrictions at some locations.
- The Zoning Plan does not affect the operation of s.211 of the Native Title Act 1993.

ACCESS TO ALL ZONES IS PERMITTED IN AN EMERGENCY.

LEGEND

- Great Barrier Reef Marine Park (GBRMP) boundary
- GBRMP Management Area boundary
- Designated Anchorage (all anchorages are represented by circles on main map)
- Compulsory Pilotage Area
- Cruise Ship Transit Area
- Designated Shipping Area boundary
- Reef Flat (insets only)
- Indicative Reef boundary
- Population centre (symbolised)
- Major Road (sealed)
- Minor Road (unsealed)
- National Park / Conservation Tenure
- Queensland coast and islands

Visits to National Park Islands:
 Many of the islands within the Great Barrier Reef World Heritage Area are national parks. A separate permit is required from the Queensland Environmental Protection Agency (EPA) for access. If you wish to visit an island national park as part of your itinerary, please contact the EPA office closest to the island for access details when you are planning your itinerary. EPA office contacts can be found at: www.epa.qld.gov.au

WARNING This map must not be used for marine navigation. Comprehensive and updated navigation information should be obtained from published hydrographic charts.

Booking a designated anchorage
 The Great Barrier Reef Marine Park Authority (GBRMPA), working in partnership with the Department of National Parks, Sports and Racing (NPSR), encourages all cruise ships operating in the Marine Park to foster a better understanding of Marine Park management amongst passengers and crew and employ best practice environmental standards.

Cruise ships require a booking to use these anchorages. Please check your permit for anchorage access conditions before requesting a booking. A comprehensive list of designated anchorages can be found in Schedule 1 - Designated anchorages of the Great Barrier Reef Marine Park (GBRMP) Regulations 1983.

Bookings for all designated anchorages can be made on line at gbrmpa.gov.au or email bookings@gbrmpa.gov.au
